

## Inspiration

*Inspired by the texture of the Roman Colosseum's façade, our new collection incorporates layered foils to create a burnished patina texture. This finish is a striking transitional black that can be paired with multiple styles of art and interiors.*

INSPIRATION

# LARSON-JUHL COLOSSEUM

Colosseum features a unique twist on a classic black moulding for an updated traditional feel.

## PROFILES

With three classic profiles, ranging from 3/4" to 2", Colosseum incorporates a traditional cap option as well as a slope.

## FINISHES

All three profiles are featured with a textured Black Oxide finish that is created by using patina and layered foils.
